

INVITATION TO

IFSS WORLD CHAMPIONSHIPS 2027

On-Snow, Sled Classes SP/MD

Jämijärvi, Finland

February 17 to February 21, 2027

We warmly welcome you to compete in the IFSS World Championships 2027
Sled Sprint and Sled Mid Distance.

GENERAL:

1. Use of private motor vehicles on the trails is not allowed.
2. Competitors may inspect the trail only on skis and without a dog.
3. Entries for IFSS members are via the IFSS Voting National Member and the Provisional Member federations only, using the official entry form.
4. Microchip identification for the dogs is mandatory. All dogs must be listed on the chipping form (one form per driver and per class). Only IFSS chipping forms are accepted.
5. Required vaccinations for all dogs on the race site, including dogs not racing: **Rabies, Distemper, Adenovirus-2 (Hepatitis and tracheo-bronchitis), Parvovirus and "Kennel cough" (Parainfluenza and Bordetella bronchiseptica).**

All vaccines must have been administered more than 21 days before the official day of opening of the stake-out (NOT the day when the dog starts to race!). Validity of vaccinations as stated in the dog's passport. To evaluate the validity of vaccinations ONLY the "dog passport" or the "dog vaccination booklet" will be taken in consideration. These documents must show for each vaccination the date of injection with the stamp and the signature of the veterinarian who did it.

Note 1) Kennel cough vaccinations must protect against BOTH Parainfluenza AND Bordetella bronchiseptica (as with INTRANASAL or INJECTABLE vaccines). Only if the dog is protected with an injectable vaccine against Parainfluenza given not longer than 1 year before (as in DHPPi vaccine), then the ORAL vaccine for Bordetella bronchiseptica is accepted.

Note 2) In addition to previous vaccinations Leptospirosis vaccination is not mandatory, but STRONGLY recommended. Both L2 and L4 will be accepted vaccinations for Leptospirosis.

6. Finland requires all dogs entering the country to receive an **anti-echinococcus (tapeworm) treatment** using medication containing praziquantel. This treatment must be administered by a veterinarian **1 to 5 days** (24 to 120 hours) before scheduled entry into Finland, and officially documented in your pet passport. Please check the specific country requirements, depending on where you are travelling from, the rules and requirements may vary.
7. It is **strictly forbidden** during this event to allow dogs to run loose at the event site, stake-out area and event parking lots. Loose dogs are only permitted within personal containment areas (fenced areas around competitors' vehicles) in the designated stake-out area. Refusal to respect this requirement may lead to disqualification from the event.
8. Each competitor and national team are responsible for the action of his/her handlers.
9. All competing nations shall appoint one Team Leader. The Team Leaders name, phone number and email address shall be noted on the entry forms. Team leaders shall be present at the Team Leader meetings. In view of their liaison task between the race organizer and their team members, they shall speak English.
10. **Drone flying is strictly prohibited** anywhere within the event site, trails, and stake-out areas, unless the Drone pilot is in possession of the necessary authorizations. All remote pilots must comply with European and national regulations. Operators must register and obtain any necessary open category or geographical zone authorizations via the Official Finnish Traficom Drone Portal.

11. Information about import regulations

It is the responsibility of every participant to ensure that they follow the Finnish rules regarding import of dogs to Finland. Depending on where you are travelling from, the rules and requirements vary.

You will find all the information you need on the Finnish customs website:
<https://tulli.fi/en/restrictions/pets/travelling>

Please be aware that any team who does not comply with the Finnish import rules will not be permitted to start the race.
